BE PART OF THE KUMEŪ SHOW 2027

Two days. Thousands of visitors. One very good place to meet customers face to face.

Demonstrate what you do, sell, sample and become part of one of New Zealand's longest-running agricultural shows.

WHY 2027?

The Show has run since 1921. Three things we are putting into 2027.

- **A new website.** Applications, the exhibitor list, the site map and the programme move online. Built for visitors, entrants and exhibitors.
- **Marketing.** We are continuing with Rockefeller, the local agency behind the 2026 campaign, across social, digital and website content through the summer.
- **Top tier competition.** Elite shearing, including the New Zealand v Wales semi-final. Woodchopping with the Auckland Axemen: Jack Jordan, now a four-time Stihl Timbersports world champion and world record holder, chopped at Kumeū in 2026. Show stopping freestyle tree climbing and lawn mower racing. Six equestrian rings, livestock, and indoor and horticultural competition judged by top New Zealand judges.

2026 SHOW AT A GLANCE

30K+	People across two days
UP 13%	Paid admissions on 2025
72%	Of trade sites held by returning exhibitors
232	Businesses trading
1.8M	Show digital ads seen by potential visitors

THE KUMEŪ SHOW

For more than a century, the Kumeū Show has been part of the rural life of north-west Auckland. Held over two days at the Kumeū Showgrounds, it brings together more than 30,000 people for an agricultural and horticultural programme of farming, livestock, rural skills and competition, alongside entertainment, food, retail and family activity.

It is a combination that reflects the character of north-west Auckland and creates an environment where visitors move, browse, watch, participate, shop and spend, giving exhibitors several ways to attract attention and meet potential customers.

WHO RUNS THE SHOW?

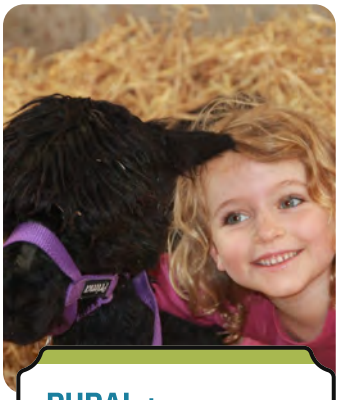
The Kumeū Show is run by the Kumeū District Agricultural and Horticultural Society, a not-for-profit formed in 1921.

A couple of staff and more than 6,000 volunteer hours a year across everything the Society runs.

The Society owns the Showgrounds and keeps them running all year, for clubs, schools and community groups as well as commercial events. The Show is the biggest of them, and what it makes goes back into the Show and the grounds.

A LOT HAPPENS IN TWO DAYS

Visitors come to the Kumeū Show for many different reasons. Across the weekend, attractions, competitions and experiences keep people moving through the Showgrounds, finding new areas and spending time along the way.

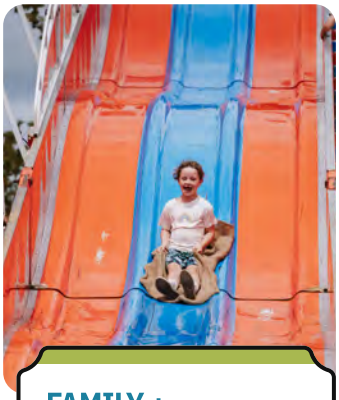


RURAL + AGRICULTURE

Sheep dog trials · Dairy goats · Alpacas · Pigeons and poultry · Livestock and pets · Equestrian oval · Indoor and horticultural displays · Tractor parade

ACTION + COMPETITION

Elite sheep shearing and speed shearing · Woodchopping with the Auckland Axemen · Canopy Carnage freestyle tree climbing · Lawn mower racing



FAMILY + ENTERTAINMENT

Meet the animals · Main stage · Live music · Local performers · Carnival rides and games · Pony rides

FOOD, SHOPPING + DISCOVERY

Food vendors · Licensed bar · Local businesses, producers and makers · Product demonstrations

WHO ATTENDS?

AUCKLAND FAMILIES AND DAY VISITORS

The Show's home crowd is Rodney and North-west Auckland, and it draws from across the rest of Auckland as well: the North Shore and upper harbour, central Auckland and the Hibiscus Coast. Children 14 and under free, so two adults and their children is a $40 day out.

Buying and interests: homeware and interiors · clothing and footwear · gifts · food and produce · garden and outdoor · pets · health and wellbeing · beauty and skincare · vehicles and automotive · caravans and leisure · home building and renovation · pools and outdoor structures · energy and solar · banking, insurance and KiwiSaver

LIFESTYLE BLOCK OWNERS

North-west Auckland has a high concentration of lifestyle blocks, and owners travel in from across the wider Rodney and upper harbour area. They come to compare and to buy.

Buying and interests: fencing and water systems · sheds and structures · animal and livestock supplies · feed and animal health · tools and equipment · small machinery and ride-ons · trailers and towing · energy and solar · veterinary services · rural insurance

FARMERS AND GROWERS

Commercial farms and orchards from across Auckland, Northland and Waikato, there to see what is new, compare suppliers and buy.

Buying and interests: agribusiness and agritech · animal and livestock supplies · fertiliser and soil · feed and animal health · veterinary services · fencing and water systems · rural supplies and advisory

TRADE AND MACHINERY BUYERS

Contractors, tradespeople and operators comparing equipment and talking to suppliers directly, across two days, with no appointment needed.

Buying and interests: agricultural machinery · tractors and implements · utility vehicles · automotive · tools and equipment · building and construction · safety and workwear · trailers and towing

COMPETITORS AND COMMUNITY

925 competitors in 2026, drawn mostly from Auckland, Northland and Waikato, plus schools, community groups, service organisations and more than 200 committee members and volunteers across the weekend.

WHAT YOU CAN BOOK

SITE TYPE	SIZE	SUITED TO
Trade site	5M WIDE X 10M DEEP	Commercial businesses of any kind. Machinery, vehicles and large displays, and equally services, finance, trades and consumer brands.
Market stall	3M WIDE X 3M DEEP	Makers, artists, growers and small businesses.
Food and beverage site	Operators supply unit dimensions with their application	Approved trucks, trailers and gazebos.
Community site	3M X 3M OR 5M WIDE X 10M DEEP	Free for eligible schools, community organisations and not-for-profit groups.
Partner site	PREMIUM POSITION	Allocated under an individual partnership agreement. See the separate Partnership Prospectus.

Businesses and groups can apply for more than one site.

EXHIBITOR CATEGORIES

Applications are assessed by category, and the Society limits the number of exhibitors accepted in any one category. Choose the closest match on your application.

TRADE SITE CATEGORIES

GROUP	CATEGORIES
Farm and land	Agribusiness · Agritech · Agricultural machinery · Animal and livestock supplies · Equestrian and saddlery · Fencing and water systems · Fertiliser and soil · Veterinary services
Building and property	Building, construction and home builders · Sheds, buildings and structures · Pools, spas and outdoor structures · Energy and solar · Real estate
Vehicles and equipment	Automotive and motor vehicles · Caravans, campers and leisure · Trailers and towing · Tools and equipment · Safety and workwear
Home and outdoor	Home, interiors and furnishings · Garden and outdoor · Hunting, fishing, pets and outdoor sports
Services and advice	Advisory and professional services · Financial services, banking, insurance and KiwiSaver · Travel and tourism · Utilities and telecommunications · Education and training · Media
Retail and brands	Clothing and footwear · Health and wellbeing · Retail and consumer brands
	Other, not listed

MARKET STALL CATEGORIES

GROUP	CATEGORIES
Handmade and craft	Pottery and ceramics · Jewellery · Art and prints · Textiles and fibre · Woodwork · Candles and home fragrance · Other handmade
Food and produce	Preserves, sauces and condiments · Honey and bee products · Baking and confectionery · Small-batch and specialty food for taking home
Home and gifts	Homeware and decor · Gifts and giftware · Plants, seeds and garden
Wear and wellbeing	Clothing and accessories · Skincare, soap and beauty · Health and supplements
Pets and animals	Pet treats, products and accessories
On-site experiences	Face painting, caricatures, activities and interactive stalls
	Other, not listed

WHAT IT COSTS

Sites are priced by street and position. Trade and market entry level prices are unchanged from 2026. All prices include GST.

SITE TYPE	SIZE	PRICE INCL. GST	PASSES PER SITE, PER DAY	AVAILABILITY
Trade site, main streets or corners	5m wide x 10m deep	**$500**	**4**	LIMITED
Trade site, interior street	5m wide x 10m deep	**$250**	**4**	
Market stall, main street or corner	3m x 3m	**$180**	**2**	LIMITED
Market stall	3m x 3m	**$120**	**2**	
Food and beverage site	Dimensions supplied on application	**$600**	**6**	LIMITED
Community site	3m x 3m or 5m wide x 10m deep	**Free**	**4**	BY APPROVAL

Premium positions are held for Show partners under their partnership agreement. Your site is confirmed when payment is received in full.

Two corner sites are considered where a business books at least six sites in total.

Entry passes are per site, per day, so a business booking two sites receives two allocations. If you need more than your allocation, make your case to the Show Manager. Additional paid passes are available from our ticketing partner.

MAKE MORE OF YOUR SHOW

Thousands of people will walk past your site. For 2027, you can do more than wait for them.

Add promotional support before the Show and simple ways to pull visitors in on the day. All optional. All selected with your application.

SHOW GOODIE BAG

Supply up to 100 approved products, samples or vouchers for the Show goodie bag. There is no fee.

Contributors are named in the official goodie bag social post.

Flyers and coupons are not accepted. Items are approved by the Show team before Show weekend.

PUBLIC PRIZE POOL CONTRIBUTION

Contribute a product, voucher or service to the Kumeū Show public prize pool. Contributions support Show prizes, competitions and giveaways both pre-Show and across the weekend. There is no fee.

Contributors are named in the competition and prize announcement(s). Items are approved by the Show team.

AGRICULTURAL & HORTICULTURAL COMPETITOR PRIZE CONTRIBUTION

Support a Show competition section with prize money, vouchers or product. Contributions are welcome across indoor and horticultural, sheep shearing, pet lamb and goat, dairy goat, school and youth calf, equestrian and sheep dog trials.

Recognition depends on the contribution and is agreed with the Show team.

SOCIAL MEDIA FEATURE

Put your business in front of the Kumeū Show social audience with a dedicated Facebook and Instagram feature designed to build awareness, interest and engagement before the Show.

Contact Show Manager for more details on what's available **info@kumeushow.co.nz**

INCLUDED IN YOUR SITE

- Your site for both Show days.
- Entry passes for your team, as set out in the pricing table.
- Parking: one vehicle per day for a market site, two per day for a trade or food site.
- Site access from Wednesday for set-up.
- A listing in the online exhibitor list.
- The Showgrounds perimeter is locked overnight, with patrolled security on Thursday, Friday and Saturday nights.
- Vehicle access during the set-up and pack-down windows.

YOU NEED TO BRING OR ARRANGE

- Power. Sites are unpowered, so bring your own silent generator.
- Your own gazebo, marquee or tent. Every site is uncovered grass.
- Anchors or weights. All structures must be secured and wind rated.
- Tables, chairs, flooring, lighting and signage.
- Insurance. Every exhibitor is responsible for arranging their own insurance.
- Checked electrical equipment (if required).
- Waste removal. Take everything away with you.

PREFERRED SUPPLIERS

Every site is uncovered grass with no power, so most exhibitors hire a few things in. These businesses know the Showgrounds and work with the Show every year.
You deal with them directly.

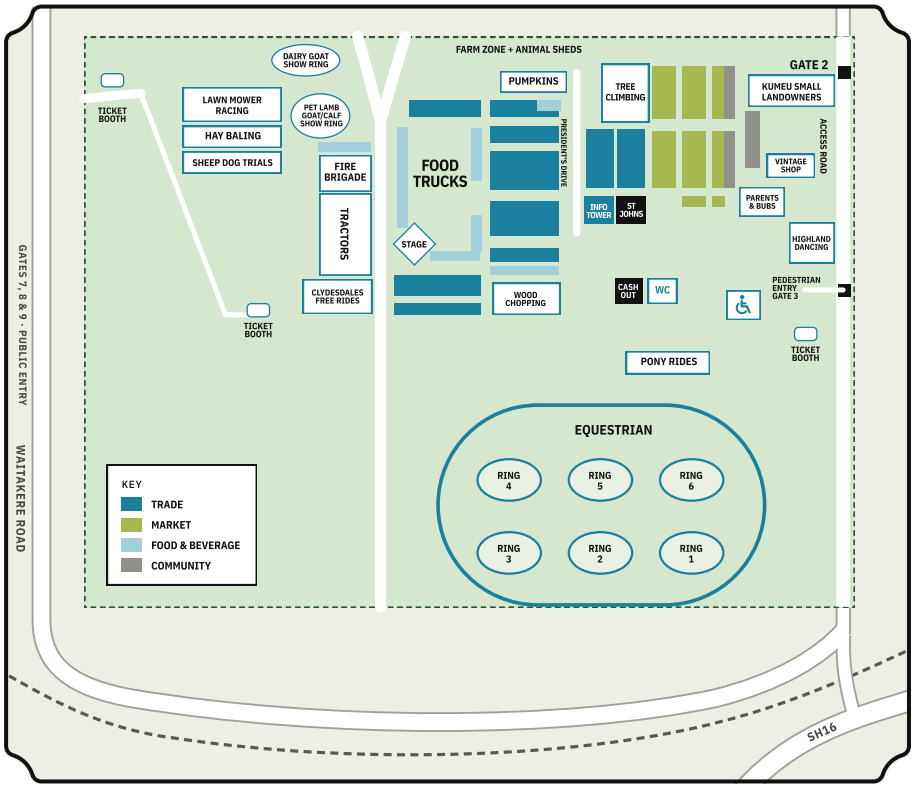
SUPPLIER	WHAT THEY DO	
Rockefeller	Advertising and marketing	www.rockefeller.nz
Rollercoaster	Bespoke site builds, props and furniture hire	www.rollercoaster.co.nz
NJC	Generator and equipment hire	www.njchire.co.nz
Kumeu Insurance Services	Insurance, including public liability	www.kumeuinsurances.co.nz
GRABIT	Bulk waste removal	www.grabit.kiwi
Bowring	Uniforms, promotional items and print	www.bowring.co.nz

If you need something that is not covered here, ask us and we will point you at someone.

These suppliers are listed to save you time. You contract with them directly, and the Society is not responsible for the goods or services they supply or for the terms you agree with them.

GETTING HERE AND THE LAYOUT

2026 KUMEŪ SHOW EXAMPLE MAP



FOR VISITORS

Public entry is through Gates 7, 8 and 9 on Waitakere Road, with free parking. Pedestrian and accessible entry is at Gate 3 on Access Road.

FOR EXHIBITORS

Trade, market and food exhibitors enter through Gate 2 on Access Road. A Trade Site Co-ordinator will direct you to your site. Trade, market, food and supplier parking is inside Gate 2.

HEAVY VEHICLES

Heavy vehicles enter through Gate 1 on Access Road at all times.

- Wednesday to Friday: exit through Gate 6 on Waitakere Road, using the through road.
- Saturday and Sunday: Gate 1 for entry and exit, outside public hours only.

THE LAYOUT

Site allocation takes account of what you sell, your audience and visitor flow across the grounds. The site map and exhibitor locations are subject to change.

KEY DATES

October 2026
Applications open

27 November 2026
Processing and invoicing of applications begins

When Full
Applications close. There is no fixed date

February 2027
Final details pack emailed: site number, gate, times, map, tickets

14 DAYS FROM INVOICE

Payment due if invoiced more than 90 days before the Show

7 DAYS FROM INVOICE

Payment due if invoiced within 90 days of the Show

Your site is confirmed when payment is received in full, and unpaid sites may be offered on.

WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY	FROM
10 MARCH	11 MARCH	12 MARCH	13 MARCH	14 MARCH	4pm SUNDAY
Set-up, 12pm to 4pm	Set-up, 9am to 4pm	Set-up, 9am to 4pm	Set-up 6.30am to 8am. Show open 8.30am to 5pm	Set-up 6.30am to 8am. Show open 8.30am to 4pm	Pack-down begins

Sites are fully set up by 8am on each Show day and stay open until closing, both days.

APPLY FOR A SITE

Applications open October 2026. Assessment and invoicing begins 27 November 2026.

WHAT MAKES A STRONG APPLICATION

- Products and services the general audience is looking for.
- A good fit with an agricultural and horticultural show.
- A well-presented site.
- A complete application, with a current food operator's registration for food sites and electrical certification where it applies.

CATEGORY BALANCE

The Society limits the number of exhibitors accepted in any one category. Apply early if your category is a busy one.

SITE APPROVAL AND ALLOCATION

The Society allocates all sites and plans the grounds as a whole to manage visitor flow. Position is decided on Show flow, category mix and what the Show needs overall, rather than the order applications arrive.

- Each year's layout is planned fresh, so where you sat before does not decide where you sit next.
- Two corner sites are considered where a business books at least six sites in total.
- Only the Show Manager can approve an application or change a site allocation.
- Approval and allocation decisions are final. Concerns should be put in writing to the Show Manager.

HOW IT WORKS

1. Apply online at www.kumeushow.co.nz.
2. From 27 November we work through applications and come back to you with a site offer. We choose the site that best fits what you are bringing.
3. Accept the offer and we invoice you.
4. Pay in full by the due date on your invoice to confirm your site.
5. In February you receive final gate, time, map and set-up details.

APPLY FOR A SITE AT KUMEUSHOW.CO.NZ →

GETTING IN AND GETTING OUT

ARRIVING	Trade exhibitors enter through Gate 2 on Access Road. Report to a Trade Site Co-ordinator, who will direct you to your site. Bring your site allocation email and map.
PARKING	One vehicle per day for a market site, two per day for a trade or food site, in the trade parking area inside Gate 2. Every occupant needs an exhibitor or show ticket. Additional vehicles use public parking at Gates 7, 8 and 9 on Waitakere Road. Vehicles and machinery that form part of your display stay on your site for the Show and do not count towards this allocation.
DURING THE SHOW	The grounds are closed to vehicle movement between 8am and 5pm on Saturday, and 8am and 4pm on Sunday.
OVERNIGHT	You can leave your site set up on Saturday night, or pack it down and re-set before 8am on Sunday. The perimeter is locked and patrolled security operates on Thursday, Friday and Saturday nights. Secure your own gear.
PACKING DOWN	Your site stays set up and trading until 5pm on Saturday. After that you are free to secure it, take stock off site, or pack down and re-set before 8am on Sunday. Full pack-down starts from 4pm on Sunday. Follow traffic-control instructions and take everything with you.

WHAT WE ASK OF YOU

Full terms and conditions are at the back of this prospectus and form part of your agreement. These are the key points to know before you arrive.

- Keep your display, stock and team inside your site boundary.
- Trade and demonstrate from your site.
- Stay open and trading until 5pm Saturday and 4pm Sunday, both days.
- Silent generators only.
- Everything electrical must be checked that it is safe to use.
- All structures must be secured and wind rated.
- Dogs on the grounds are competing dogs and disability assist dogs only and must have approval.
- Carnival foods are covered by an exclusive licence held by another operator.
- Keep thoroughfares clear of sandwich boards, signage and ropes.
- Amplification is by arrangement, at a level that sits comfortably with your neighbours.
- You are responsible for health and safety on your site, including your staff, contractors and anything you bring onto the grounds. Your duties under the Health and Safety at Work Act 2015 apply in full.
- A few things carry a charge if they are not put right, and they are set out in the terms and conditions. Packing down early without written approval is $200.

CANCELLATION AND TRANSFERS

IF YOU CANCEL

More than 90 days before the Show

75% of the site fee

In writing to the Show Manager

IF YOU CANCEL

Between 30 and 90 days before

50% of the site fee

In writing to the Show Manager

IF YOU CANCEL

Fewer than 30 days before

No refund

Tell us so the site can be reallocated

The percentage retained covers the cost of processing the application, allocating the site and reallocating it.

TRANSFERS

Transfers, subletting and sharing need the Show Manager's written approval. Approved transfers carry a $50 fee.

IF THE SHOW DOES NOT GO AHEAD

If the Show is cancelled, postponed or cut short, site fees are refunded to the extent that funds remain once committed costs have been met. We recommend event cancellation cover.

IF WE REMOVE YOU

An exhibitor removed from the grounds for breaching the terms and conditions does not receive a refund.

Attendance, visitor and demographic figures are estimates based on previous Shows and are not warranted.

TERMS AND CONDITIONS

The full terms and conditions follow, and the same text is published on the Show website. The version that applies is the one published on the date your application is approved.

Terms and Conditions of Exhibiting

These Terms apply to every trade site, market stall, food and beverage site, community site and partner site at the Kumeū Show 2027. They form part of the agreement between the Kumeū District Agricultural and Horticultural Society and the Exhibitor.

The Exhibitor should read these Terms before applying. Clause 17.4 sets out which documents make up the agreement and the order in which they take precedence.

1. Definitions and interpretation

1.1 In these Terms, unless the context requires otherwise:

Add-on means an optional item the Society offers alongside a Site, such as a goodie bag inclusion, a competition prize contribution or additional signage.

Application means the application form submitted by the Exhibitor for a Site, together with all information and documents provided with it.

Exhibitor means the person, business or organisation named as the applicant in the Application. It does not include the Exhibitor's customers or other members of the public.

Exhibitor Information means the exhibitor information the Society publishes for the Show, including site numbers, gate allocations, access and pack-down times, the site map and operational instructions.

Exhibitor Personnel means the Exhibitor's employees, contractors, subcontractors, agents and volunteers, and any other person the Exhibitor brings onto the Showgrounds or authorises to attend on its behalf.

Force Majeure Event has the meaning given in clause 16.1.

Featured Package means an optional promotional package the Society offers alongside a Site.

Partnership Agreement means a written agreement between the Society and a Show partner.

Prospectus means the Trade and Exhibitor Prospectus the Society publishes for the Show.

Safety Information means the health and safety information the Society publishes for exhibitors, including its health and safety policy, the hazard and risk register and the emergency procedures.

Show means The Kumeū Show 2027.

Show Day means each day on which the Show is open to the public, being Saturday 13 March 2027 and Sunday 14 March 2027.

Show Manager means the person the Society appoints as Show Manager, and any person the Society appoints in writing to act in that role.

Showgrounds means the Kumeū Showgrounds at Access Road, Kumeū, held for showground purposes under the Kumeū District Agricultural and Horticultural Society Act 1991, together with any adjoining land used for the Show, including parking areas.

Site means the space the Society allocates to the Exhibitor.

Society means the Kumeū District Agricultural and Horticultural Society, and includes its officers, employees, contractors and volunteers.

Terms means these terms and conditions.

Working Day means a day other than a Saturday, a Sunday or a public holiday observed in Auckland.

1.2 Headings are for convenience and do not affect interpretation. A reference to legislation includes any amendment or replacement of it. Words in the singular include the plural and the reverse. A reference to a clause is a reference to a clause of these Terms. "Including" and similar words are not words of limitation.

1.3 Every approval, consent, waiver or variation under these Terms may be given only by the Show Manager. No other officer, employee, contractor or volunteer of the Society may give one, and the Exhibitor may not rely on anything said or done by any other person as an approval, consent, waiver or variation.

1.4 Clause 1.3 does not prevent a Trade Site Co-ordinator, a Health and Safety Manager or any other person the Society authorises from giving an operational direction, including a direction about access, parking, placement, safety, trading or pack-down. An operational direction is not an approval under these Terms and does not change what these Terms require.

1.5 The Exhibitor is responsible for the acts and omissions of Exhibitor Personnel as if they were its own, must ensure Exhibitor Personnel comply with these Terms, the Exhibitor Information and the Safety Information, and must make them aware of the relevant requirements before they come onto the Showgrounds.

1.6 Where these Terms require something to be in writing, email to or from the Show Manager is sufficient.

2. Application, approval and site allocation

2.1 By submitting an Application the Exhibitor offers to exhibit at the Show on these Terms and agrees to be bound by them.

2.2 The Society may approve or decline any Application at its discretion and is not required to give reasons. An Application is approved only when the Show Manager confirms approval in writing.

2.3 An Application is not a booking. No Site is held for the Exhibitor before approval and payment in full under clause 3.

2.4 Neither approval of an Application nor any partnership arrangement grants exclusivity in any product or service category, over any brand, service or activity, or over any area of the Showgrounds, unless the Society has agreed to it in writing.

2.5 The Society allocates every Site. The Society may relocate a Site, change the layout of the Showgrounds, or alter the position, size or configuration of a Site where it considers this necessary for Show flow, safety, category mix or the operation of the Show. The Society will tell the Exhibitor as soon as reasonably practicable. Relocation does not entitle the Exhibitor to a refund, except that where the Site finally allocated is smaller than the Site paid for, or is in a lower-priced band than the Site paid for, the Society will refund the difference in fee.

2.6 Site position is not decided in the order Applications arrive. Applications are assessed in the order they arrive, but position is decided on Show flow, category mix and the requirements of the Show as a whole.

2.7 Two corner Sites will not be allocated to one Exhibitor unless the Exhibitor books at least six Sites in total.

2.8 Where the Exhibitor has exhibited at an earlier Show, its previous position does not carry over and gives it no priority or expectation as to position.

2.9 Decisions on whether to approve an Application, and on where a Site is allocated, are final and may be made or changed only by the Show Manager. An Exhibitor with a concern about either decision must raise it in writing with the Show Manager.

2.10 The Society may decline an Application, cancel an allocated Site, or decline any future Application where the Exhibitor, or any person acting for it:

(a) abuses, threatens or intimidates an officer, employee, contractor or volunteer of the Society;

(b) continues to press a decision after the Society has given it; or

(c) approaches officers, committee members, volunteers or ground staff about site approval or allocation outside the process set out in clause 2.9.

2.11 Where an allocated Site is cancelled under clause 2.10 after payment, the Society will refund the Site fee less an administration fee of $50 including GST.

2.12 The Exhibitor must not transfer, sublet, share or assign its Site, or any part of it, without the Show Manager's prior written approval. An approved transfer carries a fee of $50 including GST.

2.13 The Society may limit the number of Exhibitors accepted in any one product or service category.

2.14 The Exhibitor must describe accurately in its Application what it will display, sell, sample or promote, and the structures, vehicles and equipment it will bring. The Exhibitor must not display, sell, sample or promote anything materially different without the Show Manager's prior written approval.

2.15 The Society may withdraw approval where an Application contains information that is materially incorrect or incomplete, or where a licence, certificate, registration or other document required under these Terms is not provided before the Show.

3. Payment

3.1 The Site fee is the amount stated in the Society's invoice. Prices published in the Prospectus include GST.

3.2 Payment is due in full within 14 days of the date of invoice where the invoice is issued more than 90 days before the first Show Day, and within 7 days of the date of invoice where it is issued within 90 days of the first Show Day. The Site is confirmed only when the Society receives payment in full.

3.3 The Society will hold the Site for the Exhibitor until the payment due date under clause 3.2. If payment in full is not received by then, the Society may reallocate the Site without further notice.

3.4 Until payment is received in full, the Society may withhold entry passes, vehicle passes, Site access and any listing of the Exhibitor in Show material.

3.5 The Exhibitor must pay by a method stated on the invoice and must quote the reference given.

3.6 The Exhibitor must pay all amounts due without set-off, deduction or counterclaim.

3.7 An amount unpaid after its due date carries interest at 1.5 per cent per month, calculated daily from the due date until payment is received.

3.8 The Exhibitor must pay the Society's reasonable costs of recovering an overdue amount, including debt collection and legal costs.

3.9 A charge invoiced under clause 14.2, and a fee invoiced under clause 5.4, are payable within 14 days of the date of invoice and clauses 3.6 to 3.8 apply to them.

4. Cancellation and refunds

4.1 The Exhibitor must give notice of cancellation in writing to the Show Manager. Cancellation takes effect when the Society receives the notice.

4.2 Where the Exhibitor cancels, the following refunds apply.

If the Exhibitor cancels	Refund
More than 90 days before the first Show Day	75 per cent of the Site fee
Between 30 and 90 days before the first Show Day	50 per cent of the Site fee
Fewer than 30 days before the first Show Day	No refund

4.3 The number of days is counted from the date the Society receives the notice of cancellation to the first Show Day.

4.4 All entry passes and vehicle passes issued to the Exhibitor must be returned to the Society before a refund is paid.

4.5 No refund is payable where the Exhibitor does not occupy its Site, or does not trade for the whole of each Show Day.

4.6 The Site fee is not refundable, in whole or in part, on account of weather, ground conditions, attendance being lower than expected, the Exhibitor's own level of sales, or the presence or absence of any other exhibitor, attraction or competition section.

4.7 No refund is payable to an Exhibitor removed from the Showgrounds under clause 14.

4.8 Clause 16 applies where the Show is cancelled, postponed, shortened or relocated.

5. Site boundaries, structures and presentation

5.1 The Exhibitor must keep its display, structures, stock, vehicles, pegs, ropes, signage, queues and Exhibitor Personnel within the boundaries of its Site.

5.2 Every Site is uncovered grass. The Exhibitor must supply its own gazebo, marquee or tent, and its own flooring, tables, chairs, lighting and signage.

5.3 All structures must be secured with anchors or weights, must be stable and must be rated for the wind conditions that can be expected. The Society may require a structure to be secured further, altered or taken down where it considers it unsafe.

5.4 Where the Exhibitor occupies more space than the Site it has paid for and does not bring its display inside the boundary after a direction, the Society may invoice the Exhibitor for the additional space, calculated as the difference between the fee paid and the fee for the next Site size or, where there is no larger size, the fee for an additional Site. This is a fee for space used and is not a charge under clause 14.2.

5.5 The Exhibitor must keep its Site tidy, keep walkways clear, and keep leads and cables covered and clear of foot traffic and water.

5.6 No sandwich board, sign, rope or display may be placed in a thoroughfare or in an emergency access route.

5.7 Amplified sound must not interfere with a neighbouring Site, the stages or Show announcements, and the Society may require sound to be turned down or off. Clause 8.5(h) sets out when approval is needed.

5.8 The Exhibitor must not attach anything to a building, fence, tree, gate or other structure on the Showgrounds without prior written approval.

5.9 The Exhibitor must not excavate, drive a peg deeper than 300mm, or otherwise disturb the ground, without prior written approval. Underground services run through the Showgrounds.

5.10 Site presentation forms part of the Society's assessment of an Application and may be taken into account in assessing any future Application.

5.11 The Exhibitor must keep the frontage of its Site accessible, including to people using wheelchairs, mobility scooters and prams, and must not create a step, a trip hazard or a narrow point at the frontage.

5.12 Unless agreed, Trade sites are 5m wide x 10m deep. Market stalls are 3m wide x 3m deep, are located together in the market area, and two or more may be booked side by side. Community sites are 3m x 3m or 5m wide x 10m deep, are provided free of charge to schools, community organisations and not-for-profit groups, and two or more may be booked side by side. A community site is subject to these Terms in the same way as a Site that has been paid for, including the requirement to be attended and open to the public for the whole of each Show Day.

6. Access, set-up and pack-down

6.1 Set-up is available on Wednesday 10 March 2027 between 12pm and 4pm, on Thursday 11 March 2027 between 9am and 4pm, on Friday 12 March 2027 between 9am and 4pm, and between 6.30am and 8am on each Show Day. Earlier access requires the Show Manager's prior written approval.

6.2 On arrival the Exhibitor must enter through Gate 2, Access Road, and report to a Trade Site Co-ordinator, who will direct it to its Site. The Exhibitor must bring its site allocation email and the site map.

6.3 The Site must be fully set up and ready to trade by 8am on each Show Day.

6.4 The Exhibitor must keep its Site set up and trading until the Show closes at 5pm on Saturday 13 March 2027. After that time the Exhibitor may secure its Site, remove stock, or dismantle and re-set its Site, provided the Site is fully set up and ready to trade by 8am on Sunday 14 March 2027. Pack-down must not begin before 4pm on Sunday 14 March 2027 unless the Show Manager has approved it in writing.

6.5 The Exhibitor must remove everything it brought onto the Showgrounds, including stock, structures, waste, sand, sawdust, mulch, bark, hay, plants and pallets, and must leave the Site in the condition it was in on arrival.

6.6 The Exhibitor must vacate the Showgrounds by the time stated in the Exhibitor Information. Where property remains after that time the Society may remove it, store it or dispose of it. The Exhibitor must pay what the removal, storage or disposal actually costs the Society.

6.7 The Exhibitor must make good any damage to or contamination of the Showgrounds caused by the Exhibitor or Exhibitor Personnel, including damage caused by vehicles, machinery, pegs, spills and fuel. Where the Exhibitor does not make it good, the Society will arrange the work and invoice the Exhibitor for what it cost.

6.8 The Exhibitor must take particular care during set-up and pack-down. Members of the public, including children, may be moving through the area.

6.9 A forklift, telehandler, crane, hoist or elevating work platform may be operated on the Showgrounds only by a person who holds the certification required for that plant. No load may be lifted, carried or swung over an area the public can reach.

7. Security, services and waste

7.1 The Showgrounds perimeter is locked overnight. The Society arranges patrolled overnight security on the Thursday, Friday and Saturday nights of Show week only. There is no patrolled security on the Wednesday night. Neither the locked perimeter nor patrolled security secures an individual Site. The Exhibitor is responsible for securing its own Site, stock, equipment and vehicles, and clause 13 applies to anything left on the Showgrounds.

7.2 The Exhibitor may leave its Site set up overnight. Some authorised groups stay on the Showgrounds overnight. Exhibitor Personnel may stay on the Showgrounds overnight only with the Show Manager's prior written approval.

7.3 The Exhibitor must bring the water its Site needs and must supply its own hoses and containers. A hose must not be left running or unattended, and must not be connected to a Showgrounds tap without the Show Manager's approval.

7.4 Waste water, including grey water and water used for washing, must not be discharged onto the ground, into a drain or into a waterway. The Exhibitor must contain waste water and remove it from the Showgrounds, or make arrangements with the Show Manager before the Show.

7.5 The Exhibitor must remove all of its waste from the Showgrounds unless the Exhibitor Information states that bins are provided for its Site. Cooking oil and fat must be contained and removed.

7.6 Public toilets and handbasins are provided around the Showgrounds. They must not be used for food preparation, for washing equipment or for disposing of waste water.

8. Show hours and trading

8.1 The Show is open to the public from 8.30am to 5pm on Saturday 13 March 2027 and from 8.30am to 4pm on Sunday 14 March 2027.

8.2 The Exhibitor must have its Site attended and open to the public from 8.30am until closing on each Show Day, and must be trading for that whole period where its Site is a trading Site. Attending on one Show Day only is not permitted.

8.3 The Exhibitor may sell, demonstrate, sample, display, and run activities and promotions from its Site across both Show Days. Trading must be from the Site.

8.4 Selling, sampling, collecting, surveying and distributing material away from the Site are not permitted anywhere else on the Showgrounds.

8.5 Anything an Exhibitor does from its Site is permitted unless these Terms say otherwise. Only the following need the Show Manager's written approval before the Show, because each carries a legal requirement, a safety risk or an existing Show contract:

(a) a prize draw, competition or promotion that requires payment or purchase to enter. A free-to-enter prize draw run from the Site needs no approval. A raffle or other lottery may be conducted only by a society for authorised purposes under the Gambling Act 2003;

(b) the sale or supply of alcohol, to which Annex C also applies;

(c) an activity in which a member of the public operates or handles equipment, machinery or tools, or that involves climbing, riding, heights or physical risk. Demonstrations, sampling, games, giveaways and hands-on displays that do not involve those things need no approval;

(d) an amusement device, inflatable or ride;

(e) an animal on the Site, to which Annex B also applies;

(f) the use of an open flame, solid fuel or pyrotechnic;

(g) the sale of food or drink other than from an approved food Site;

(h) amplified sound directed beyond the Site, and any loudhailer. Music or commentary at conversational level within the Site needs no approval, and the Show Manager may ask for any sound to be turned down; and

(i) a collection, appeal, donation request or other fundraising activity.

8.6 An approval given under clause 8.5 is an approval under these Terms only. It is not a licence, consent, registration or permit, and it does not relieve the Exhibitor of any legal requirement to hold one.

8.7 The Exhibitor must not fly a drone or other remotely piloted aircraft over or from the Showgrounds, including for its own photography or marketing, without the Show Manager's prior written approval and compliance with the Civil Aviation Rules.

8.8 Carnival rides, carnival games and carnival foods, including candy floss, popcorn and hot dogs on a stick, are covered by an exclusive licence held by another party. No other Exhibitor may sell or supply them, or operate a ride or a game of chance or skill for payment, anywhere on the Showgrounds. A free game or activity run from the Exhibitor's own Site to engage visitors is not affected by this clause.

9. Entry passes

9.1 Entry passes are issued for each Site booked, for each Show Day, as follows: four for a trade site, two for a market stall, six for a food and beverage site, and four for a community site. Passes for a partner site are as set out in the Partnership Agreement.

9.2 Passes are allocated for each Site booked. An Exhibitor booking more than one Site receives the allocation for each Site. Passes are issued with the final details pack in February 2027.

9.3 One entry pass admits one person for one day. Every person working on the Site must hold a pass or pay entry at the gate. Children aged 14 and under enter free.

9.4 Entry passes are for the Exhibitor's own people: those working on the Site, and its owners, directors, shareholders and committee members. They are not for customers, guests, family or friends, and must not be sold, given away, transferred or used as a promotion. Everyone else pays entry at the gate.

9.5 The Society may ask a person presenting an entry pass which Site the pass is for, and may refuse entry or withdraw the pass where the person is not one of the Exhibitor's own people. A pass withdrawn under this clause is not replaced and is not refunded, and the Society may reduce the Exhibitor's allocation for a future Show.

9.6 Replacement passes are not issued. An Exhibitor that needs more passes than its allocation may make the case in writing to the Show Manager. Additional entry is otherwise available from the Society's ticketing partner at the price the public pays.

10. Vehicles, parking and gates

10.1 Trade and vendor entry is through Gate 2, Access Road. Heavy vehicles must enter through Gate 1, Access Road, at all times and must not enter through Gate 2. From Wednesday to Friday of Show week, heavy vehicles exit through Gate 6, Waitakere Road, using the through road. On each Show Day, Gate 1 is used for entry and exit outside public hours only. Gate 3, Access Road, is the pedestrian and accessible entry and is not a vehicle entry for exhibitors.

10.2 No vehicle may move anywhere on the Showgrounds between 8am and 5pm on Saturday 13 March 2027, or between 8am and 4pm on Sunday 14 March 2027. The only exceptions are a movement the Society directs, and a delivery or collection for a competition section that the Exhibitor Information provides for, such as the giant pumpkin and giant vegetable classes through Gate 2.

10.3 Part of the Showgrounds may be a road for the purposes of the Land Transport Act 1998 while the Show is open to the public. The Exhibitor and Exhibitor Personnel must drive accordingly and must follow every direction given by Society staff and traffic controllers.

10.4 Every vehicle brought onto the Showgrounds must be registered and must hold a current warrant or certificate of fitness where the law requires one, and every driver must hold a current licence for the class of vehicle driven. This does not apply to a vehicle brought on solely for static display that is not driven on the Showgrounds other than to and from the Site.

10.5 No person may ride on the tray or deck of a vehicle, on a trailer, or on a towed implement.

10.6 The speed limit on the Showgrounds is 10km per hour, or any lower limit the Society directs.

10.7 For each Site booked, one vehicle for each Show Day may be parked in the exhibitor parking area for a market stall, and two for each Show Day for a trade site or a food and beverage site. Every occupant must hold an exhibitor pass. Additional vehicles must use the public parking at Gates 7, 8 and 9, Waitakere Road.

10.8 A vehicle left anywhere other than the exhibitor parking area, or left in a thoroughfare or an emergency access route, may be towed at the owner's cost and a charge under clause 14.2 applies. This does not apply to a vehicle that forms part of the Exhibitor's approved display and stays within the Site boundary.

10.9 Gates 1, 6 and 9 and their approaches must not be blocked or obstructed, and must not be used for parking or standing, at any time. They are emergency access routes. This does not prevent a heavy vehicle passing through Gate 6 under clause 10.1.

11. Power, generators, electrical and gas

11.1 There is no mains power supply to Sites. The Exhibitor must supply its own generator.

11.2 A generator must be silent or enclosed. The Society may require a generator it considers excessively noisy to be shut down. The Society's reference point is 65 dB(A) measured at 7 metres.

11.3 A generator must stand within the Site, on a stable and level surface, away from public access, and must not be refuelled while running or while the public is present.

11.4 Fuel must be kept in an approved container, in the smallest quantity practicable, away from ignition sources and away from public access.

11.5 All electrical equipment, leads and residual current devices brought onto the Showgrounds must carry a current test and tag certificate. The Society may inspect equipment and may require equipment without a current tag to be taken out of use.

11.6 Leads must be covered or matted where they cross a walkway and must be kept clear of water.

11.7 The Exhibitor must supply its own leads, residual current device protection and distribution equipment.

11.8 Electrical work on the Showgrounds may be carried out only by a person who is registered and holds a current practising licence for that work. A certificate of compliance must be given to the Show Manager for any temporary electrical installation.

11.9 An LPG cylinder must be within its test date, secured upright, fitted with a compliant hose and regulator, and kept at least 1.5 metres from any ignition source, any cylinder of another gas and any point the public can reach. A spare cylinder must be stored outside any enclosed structure.

11.10 Where the Exhibitor uses a generator, LPG, an open flame or cooking equipment, it must keep an appropriate and currently serviced fire extinguisher and a fire blanket on the Site.

12. Health and safety

12.1 The Society and the Exhibitor are each a person conducting a business or undertaking under the Health and Safety at Work Act 2015. Each must comply with its duties under that Act, and each must consult, co-operate with and co-ordinate its activities with the other and with other duty holders so far as is reasonably practicable.

12.2 Nothing in these Terms transfers, limits or contracts out of a duty imposed by the Health and Safety at Work Act 2015.

12.3 The Exhibitor must identify the hazards and risks arising from its activities on the Showgrounds and must eliminate them or, where that is not reasonably practicable, minimise them.

12.4 The Exhibitor must comply with the Safety Information, with the Society's emergency procedures, with the Society's SAFER process for identifying and controlling hazards, and with every reasonable direction of the Show Manager, a Trade Site Co-ordinator or a Health and Safety Manager.

12.5 The Exhibitor must tell the Show Manager before the Show if it intends to do any of the following:

- **(a)** operate machinery or plant;
- **(b)** carry out hot work or use an open flame;
- **(c)** use LPG or another hazardous substance;
- **(d)** operate an amusement device, inflatable or ride;
- **(e)** erect a structure larger than 50 square metres;
- **(f)** bring an animal onto the Showgrounds; or
- **(g)** carry out an activity involving members of the public.

12.6 For each activity notified under clause 12.5, the Exhibitor must give the Show Manager a written safe work procedure before the Show, setting out the hazards, the controls and the people responsible.

12.7 An amusement device, inflatable or ride must hold the registration and current certificate of inspection the law requires, and the Exhibitor must give the Show Manager a copy before the Show.

12.8 A marquee or other structure that requires a building consent must not be erected without one, and the Exhibitor must give the Show Manager a copy of the consent before the Show.

12.9 The Exhibitor must provide Exhibitor Personnel with adequate information, instruction, training and supervision.

12.10 Exhibitor Personnel must not carry out work they believe to be unsafe.

12.11 The Exhibitor must report every accident, incident and near miss involving the Exhibitor or Exhibitor Personnel to a Trade Site Co-ordinator and must record it at the Information Tower.

12.12 First aid is provided beside the Information Tower. In a serious emergency, call 111.

12.13 Where a notifiable event occurs, the Exhibitor must not disturb the site of the event, except so far as is necessary to help an injured person, to make the site safe, or to comply with a direction of the Police or WorkSafe New Zealand, until the site is released.

12.14 The Exhibitor must keep its Site free of trip hazards and must keep pedestrian routes clear.

12.15 The Exhibitor must not block an emergency access route or an exit.

12.16 The Exhibitor must comply with any direction to stop trading, to evacuate or to shelter.

12.17 A child on the Site must be supervised at all times.

12.18 A person under 15 must not be present in any part of the Site where machinery or plant is operating, or where food is prepared for sale.

12.19 Where a notifiable event arises out of the Exhibitor's work, the Exhibitor must notify WorkSafe New Zealand as soon as possible and must tell the Show Manager immediately. Clause 12.13 applies to the site of the event.

12.20 A person under 18 working on the Site must have an adult named as responsible for them, must not operate machinery or plant, work at height, handle LPG or work alone, and must be given work suited to their age and experience.

13. Insurance, liability and indemnity

13.1 All property the Exhibitor brings onto the Showgrounds is there at the Exhibitor's risk. The Exhibitor is responsible for arranging its own insurance, including cover for its property, stock, structures, vehicles and equipment. The Society does not insure any of it, and any insurance the Society holds is held for the Society's own purposes.

13.2 The Exhibitor must hold public liability insurance of not less than $2,000,000 for any one event, in force for the whole of the period it is on the Showgrounds. The Society may ask the Exhibitor for a certificate of currency at any time, and the Exhibitor must provide it.

13.3 Where the Exhibitor does not hold public liability insurance, it is on the Showgrounds at its own risk. The Society is not responsible, financially or otherwise, for any accident, injury, loss, damage or claim arising from the Exhibitor's Site, products, equipment, structures or activities, and clauses 14.5 to 14.7 apply to the Exhibitor in full.

13.4 The Exhibitor must meet its ACC levy obligations in respect of Exhibitor Personnel. Where Exhibitor Personnel are not ordinarily resident in New Zealand, the Exhibitor must hold personal accident cover for them.

13.5 To the extent the law permits, the Society is not liable for loss of or damage to the property of the Exhibitor or Exhibitor Personnel, however caused, including loss by theft, fire, wind, water or vandalism, and including property left on the Showgrounds overnight.

13.6 To the extent the law permits, the Society is not liable for indirect or consequential loss, including loss of profit, loss of sales, loss of opportunity or wasted expenditure.

13.7 The Exhibitor indemnifies the Society against any claim, loss, damage, cost or expense the Society incurs arising from a breach of these Terms by the Exhibitor or Exhibitor Personnel, or from their negligence or unlawful act or omission on the Showgrounds.

14. Conduct, breach and removal

14.1 The Exhibitor and Exhibitor Personnel must behave lawfully and respectfully, must not harass, discriminate against or bully any person, must comply with these Terms, the Exhibitor Information and the Safety Information, and must follow every reasonable direction of the Society.

14.2 Where the Exhibitor breaches a requirement set out below, the Society may invoice the charge shown. Where the breach can be put right, the Society will give a direction first and the charge applies only if it is not put right. All charges include GST.

Breach	Charge	Clause
Display, structure, stock, pegs, ropes or signage outside the Site boundary, not brought inside it after a direction	$100	5.1
Signage, sandwich board, rope or display in a thoroughfare or emergency access route, not removed after a direction	$100	5.6
Amplified sound not turned down or off after a direction	$100	5.7
Vehicle left anywhere other than the exhibitor parking area, or left in a thoroughfare or emergency access route	$100, plus towing costs	10.8
Generator not shut down after a direction	$100	11.2
Electrical equipment in use without a current test and tag certificate	$100	11.5
Selling or sampling away from the Site, continuing after a direction	$100	8.4
Closing before the Show closes, dismantling the Site before 5pm on Saturday, or beginning pack-down before 4pm on Sunday, without written approval	$200	6.4, 8.2
Not attending on both Show Days without written approval	$300	8.2
Waste, sand, sawdust, mulch or other material left on the Site or elsewhere on the Showgrounds	$200, plus what removal costs the Society	6.5
Property left on the Showgrounds after the time for vacating	What removal, storage or disposal costs the Society	6.6

14.3 The Society may refuse entry to, or remove from the Showgrounds, any person whose conduct it considers unsafe, unlawful or in breach of these Terms, and may issue a trespass notice under the Trespass Act 1980.

14.4 Where a breach is serious, or where the Exhibitor has already been given a warning, the Society may close the Site down immediately and require the Exhibitor to leave the Showgrounds.

14.5 Before invoicing a charge under clause 14.2, the Society will give the Exhibitor a written description of the breach and a copy of any photograph it relies on, and 10 Working Days to respond. The Society will consider any response before invoicing.

14.6 A breach of these Terms, and any record of warnings, may be taken into account in assessing a future Application.

14.7 The Exhibitor acknowledges that the charges in clause 14.2 protect the Society's legitimate interest in the safe and orderly operation of the Show, in the integrity of the site layout and pricing, in the appearance of the grounds to the public and to other exhibitors, and in the cost of remedying breaches. The Exhibitor acknowledges that each charge is a genuine estimate of the loss and cost the Society would suffer, that each charge is proportionate to that interest, and that no charge is a penalty.

14.8 Removal or termination under this clause does not affect an amount already due, and no refund is payable.

14.9 Where the Exhibitor has raised a concern in writing with the Show Manager under clause 2.9 or clause 14.5 and considers it unresolved, it may put the concern in writing to the Society's Executive. The Executive will respond within 20 Working Days. That is the end of the Society's internal process.

15. Exhibitor information, images and use of the Show name

15.1 The Society may publish the Exhibitor's trading name, category, site number, a short description of what it sells, and its website and social media links, in Show material including the Show website, the site map, ground signage and any digital programme the Society publishes.

15.2 The Exhibitor grants the Society a non-exclusive licence to use its name and logo to promote the Show and the Exhibitor's participation in it, from approval of the Application until 12 months after the Show.

15.3 The Society may take photographs, film and audio at the Show and use them for promotional and record purposes. The Exhibitor must make Exhibitor Personnel aware of this and must obtain their consent where consent is required. An individual may object in writing to the use of an image in which they are identifiable, and the Society will not use that image after receiving the objection.

15.4 The Society may give the Exhibitor's contact details to a party with a legitimate interest in the Show, including a council or regulator carrying out an inspection, an emergency service, and a Show partner where the Exhibitor has agreed.

15.5 The Exhibitor must not use the name or logo of the Show or of the Society, and must not describe itself as a sponsor or partner of the Show, without prior written approval. Booking a Site does not make the Exhibitor a sponsor or partner.

15.6 The Exhibitor must not sell, offer or grant sponsorship, advertising or naming rights in connection with the Show, the Showgrounds, its own Site, or any attraction, competition or activity it runs at the Show, without prior written approval. Where approval is given, the Exhibitor must not include Show assets in what it sells, including admission tickets, trade sites, hospitality or Society signage, unless the approval says so.

16. Force majeure

16.1 A Force Majeure Event is an event beyond the reasonable control of the party affected. The events contemplated by this clause include severe weather and ground conditions at the Showgrounds, fire, earthquake, flood, an outbreak of animal or plant disease, a biosecurity restriction, a public health order or other direction of a public authority, the failure of an essential utility, and civil disturbance.

16.2 The Society may cancel, postpone, shorten or relocate the Show, or close any part of the Showgrounds, where a Force Majeure Event or a risk to safety makes that necessary. Weather, forecast weather and ground conditions are included.

16.3 The Society will tell the Exhibitor as soon as reasonably practicable.

16.4 Where the Show is cancelled, postponed or shortened, the Society will refund Site fees to the extent that funds remain after the Society has met costs already committed for the Show. A full refund is not guaranteed. Any refund will be calculated on the same basis for every Exhibitor in the same Site category, and the Society will tell Exhibitors how it was calculated.

16.5 Apart from a refund under clause 16.4, the Society is not liable for any loss, damage, cost or compensation arising from the cancellation, postponement, shortening or relocation of the Show.

16.6 The Exhibitor is advised to consider event cancellation insurance.

16.7 Where a Force Majeure Event prevents the Exhibitor from attending, the Exhibitor must tell the Show Manager as soon as reasonably practicable. The Society will not treat the Exhibitor's non-attendance as a breach, and may refund the Site fee in whole or in part, or credit it against a future Show.

17. General

17.1 These Terms grant the Exhibitor a licence to occupy the Site for the period stated in the Exhibitor Information. They do not create a lease or any interest in land. The Society may enter the Site at any time.

17.2 The Society may amend these Terms at any time before an Application is approved. A failure or delay by the Society in enforcing a provision of these Terms is not a waiver of that provision or of any other.

17.3 If a provision of these Terms is invalid or unenforceable, the remaining provisions continue in force. These Terms are governed by New Zealand law and the parties submit to the non-exclusive jurisdiction of the New Zealand courts. Where two or more persons together are the Exhibitor, they are bound jointly and severally.

17.4 The agreement between the Society and the Exhibitor consists of these Terms, the Application, the Prospectus, the Exhibitor Information and the Safety Information. The Prospectus includes these Terms. Where there is an inconsistency between those documents, they take precedence in the order listed. Where the Exhibitor is a Show partner, its Partnership Agreement takes precedence over the other documents on commercial matters, being fees, Site position and size, entry passes and admissions, exclusivity, and promotional and naming rights. A Partnership Agreement does not override clauses 13, 14, 15, 16 or 17, which apply to a Show partner as they apply to any other Exhibitor.

17.5 The Society will publish the Exhibitor Information at least 14 days before the first Show Day. After publication the Society may change it only where the change is reasonably necessary for safety or for the operation of the Show, and the Society will notify any change.

17.6 The version of these Terms that applies to the Exhibitor is the version published at the date its Application is approved.

17.7 Attendance, visitor, demographic and exhibitor figures published by the Society are estimates, based on previous Shows and on counts that include estimated components. They are not warranted. The Society makes no representation that the Show will achieve any particular attendance, any particular mix of visitors, or any level of sales for the Exhibitor. The Exhibitor acknowledges that it has not relied on any such figure in deciding to apply for a Site.

17.8 The Exhibitor acknowledges that it is in trade, that the Society is in trade, that these Terms are entered into for the purposes of a business, and that it agrees to contract out of sections 9, 12A, 13 and 14(1) of the Fair Trading Act 1986. The Exhibitor acknowledges that it has had the opportunity to take advice on these Terms and that it is fair and reasonable for the parties to be bound by this provision.

17.9 The Exhibitor acquires the Site and all related services for business purposes, and the Consumer Guarantees Act 1993 does not apply.

17.10 The Society may assign or transfer its rights and obligations under these Terms. The Exhibitor may not do so without prior written approval.

17.11 A notice under these Terms must be in writing. A notice to the Society must be sent to the Show Manager at info@kumeushow.co.nz or to the Society's postal address set out at the end of these Terms. A notice to the Exhibitor may be sent to the email address in its Application. A notice sent by email before 5pm on a Working Day is treated as received that day, and otherwise on the next Working Day.

17.12 Where a period is expressed in Working Days, the day on which the period starts is not counted.

17.13 Clauses 3, 6.7, 14, 17.2, 17.5, 17.7, 18, 20 and 21 continue in force after the agreement ends.

18. Featured packages, add-ons and partner sites

18.1 The Society may offer Featured Packages and Add-ons alongside a Site. They are optional. Booking a Site does not include any of them, and taking one does not change the position, size or category of the Site.

18.2 A Featured Package or Add-on is booked and paid for separately from the Site fee. Clause 3 applies to payment.

18.3 What a Featured Package or Add-on includes is what the Society publishes for the Show at the date of booking. Where the Society cannot deliver an item as published, it will provide an equivalent item or refund the amount paid for that item. That is the limit of the Society's liability for it.

18.4 The Exhibitor must supply artwork, copy, product, prizes or other material by the date the Society notifies. Where the material arrives after that date the Society is not required to deliver the item and no refund is payable.

18.5 The Society may decline or withdraw material it considers unsuitable, unsafe, unlawful, misleading, or inconsistent with the character of the Show as a community agricultural and horticultural event.

18.6 The Society does not warrant any level of reach, impressions, engagement, entries, foot traffic or sales from a Featured Package, an Add-on, a listing or a Site. Clause 17.7 applies.

18.7 Goodie bag items and competition prize contributions become the property of the recipient when they are given out. Unused items are not returned unless the Society has agreed in writing that they will be.

18.8 A partner site is allocated under a Partnership Agreement. The partnership fee does not include the Site fee, which is payable separately under clause 3.

18.9 Complimentary admissions given to a Show partner under a Partnership Agreement, and hospitality invitations, are not entry passes. They are for the partner to use as it chooses, and clause 9.4 does not apply to them.

18.10 Where a Partnership Agreement gives a partner priority in the allocation of Site position, that priority is an exception to clause 2.5 and applies only to the partner.

19. Acknowledgement

19.1 By submitting an Application the Exhibitor agrees to these Terms and confirms that it has read them. The person submitting the Application warrants that they are authorised to bind the Exhibitor.

Annex A: Food and beverage sites

These annexes form part of these Terms. Each applies only to an Exhibitor doing the thing it covers. An Exhibitor that does not sell food, bring an animal or supply alcohol does not need to read them.

A1 An Exhibitor that sells or supplies food must be registered under the Food Act 2014 and operate under a registered food control plan or national programme, unless the activity is exempt under that Act, including the exemption for food sold to raise funds for a charitable, benevolent, philanthropic or cultural purpose.

A2 A commercial food Exhibitor must provide a copy of its current registration or food operator licence with its Application, and must display the original certificate on its Site for inspection on each Show Day.

A3 An Exhibitor selling or supplying food as part of a fundraising effort must apply in writing and be approved in writing before the Show.

A4 The Exhibitor must provide a complete list of the food and drink it will sell with its Application, and must not sell anything materially different without prior written approval.

A5 The number of food Sites is limited and allocation is at the Society's discretion.

A6 Chilled food must be held at or below 4 degrees Celsius and hot food at or above 60 degrees Celsius. The Exhibitor must record temperatures at intervals of no more than two hours on each Show Day and must produce the records on request.

A7 The Exhibitor must provide hand washing facilities with warm running water, soap and single-use towels, separate from any facility used for washing equipment. The Exhibitor must bring its own potable water for cooking and for anything that touches food.

A8 Cooking equipment, hot surfaces and deep fryers must be screened or positioned so that the public cannot reach them.

A9 Glass containers must not be used for the service or sale of food or drink anywhere on the Showgrounds.

A10 The Exhibitor must not supply a single-use plastic item that is prohibited by the Waste Minimisation (Plastic and Related Products) Regulations 2022.

A11 Carnival foods are dealt with in clause 8.8.

Annex B: Animals and biosecurity

B1 No dog is permitted on the Showgrounds other than a dog competing at the Show, a disability assist dog within the meaning of the Dog Control Act 1996, a Police or New Zealand Defence Force dog, or a dog the Show Manager has approved in writing.

B2 An Exhibitor bringing an animal onto the Showgrounds must have the Show Manager's prior written approval and must comply with the rules for the relevant section and with every biosecurity requirement the Society notifies.

B3 Where the Society requires it for the relevant section, a ram brought onto the Showgrounds must come from a flock accredited under the brucellosis (Brucella ovis) accreditation scheme, or be accompanied by a current negative test result.

B4 Cattle and deer must be tagged and registered in the NAIT system, and movements must be recorded, as required by the National Animal Identification and Tracing Act 2012.

B5 An animal showing signs of illness must not be brought onto the Showgrounds. Where signs appear while the animal is on the Showgrounds, the Exhibitor must tell the Show Manager or Area Steward immediately.

B6 The Exhibitor must provide its animals with shade, water, rest and appropriate handling, and must comply with the Animal Welfare Act 1999 and any relevant code of welfare.

B7 The Exhibitor must clean and disinfect equipment, footwear and vehicles as the Society directs, and must remove animal waste and bedding from the Showgrounds.

B8 A live animal must not be sold, traded, given away or offered as a prize from any Site, including a community Site, without the Show Manager's prior written approval.

Annex C: Alcohol and impairment

C1 Alcohol may be sold, supplied or sampled from a Site with the Show Manager's written approval, given on application, and with the licence required under the Sale and Supply of Alcohol Act 2012. Approval is given on the conditions the Society sets, which may cover location, hours, sample sizes, container type, supervision and signage.

C2 Sale of sealed product for consumption away from the Showgrounds requires the licence that covers that sale. The Exhibitor must hold its own licence, or be covered by a licence the Society holds, and that must be agreed in writing before the Show.

C3 The Exhibitor must not supply alcohol to a person under 18 or to an intoxicated person, and must ask for evidence of age where there is any doubt.

C4 The Exhibitor must not bring alcohol onto the Showgrounds for consumption by Exhibitor Personnel during set-up, trading hours or pack-down.

C5 The Show is a drug-free event. Illegal drugs must not be brought onto the Showgrounds and may be confiscated. Vehicles may be checked on arrival.

C6 Exhibitor Personnel must be fit to work safely. A person who appears to the Society to be impaired by alcohol or drugs may be directed to stop work and to leave the Showgrounds. This does not apply to a person taking prescribed medication who remains fit to work safely.
